HEALTH AND SAFETY POLICY

The Occupational Health and Safety Policy of Rocksurre International has been developed to protect employees and contractors at our various workplaces from work related injury and ill health and to ensure compliance with all relevant safety legislation.

The Health and Safety Policy receive the highest priority from the senior managers of the organization and this priority is communicated to all personnel connected with the company.

Rocksurre International is committed to:

- Providing a safe and healthy workplace for all of its employees, contractors, and visitors;
- Meeting or exceeding client and statutory requirements, codes, standards and guidelines;
- Defining roles and responsibilities for occupational health and safety;
- Set achievable objectives and targets with the aim of eliminating work related incidents in relation to our activities, products and services;
- The use of safe working systems supported by documentation and safe working procedures specific to each task undertaken;
- Employ equipment, materials and products designed for their intended application ensuring they are safe and do not pose a risk to the environment;
- Consulting with employees, our contractors to improve decision-making on Occupational Health and Safety matters;
- Ensuring the Company will takes all steps necessary to ensure that its activities do not compromise this commitment.

We believe it is possible to achieve an incident free workplace.
